# FUNERALS

We understand how much of a difficult and sensitive time this may be and we will endeavour to try and make this as comfortable and stress free as possible.

∞

We pride ourselves on freshly prepared food using locally sourced ingredients, alongside a crew of staff that are friendly and professional, with a goal to sympathetically exceed your expectations for your occasion.

∞

We can offer bespoke catering but have included these ideas to give some inspiration, and can offer a specialised menu for any dietary requirements.
