

Glenmore House

PLANNING A CELEBRATION IN MEMORY

At Glenmore House, we understand that organising a wake reception for the passing of a loved one can be a difficult time for all involved.

With years of experience, our dedicated events team are always on hand to help organise a fitting farewell in a discreet and understanding way.

A post funeral reception should be a celebration of a person's life and so we feel that it is important to create a bespoke experience in which guests can reflect and look back on fond memories in an environment that feels personal through the little touches and attention to detail.

Glenmore House offers a number of different rooms with suitable settings including beautiful period features for such an event.

We can accommodate receptions of between 15-140 guests.

Please see below our tailor made reception packages. Items can be mixed and matched if desired. Price on application.
